

## 2019 Core Day Poster Session Map

| University                       | Core  | Space Assignment |
|----------------------------------|---|------------------|
| Emory University                 | Animal Physiology Core  | Board #37        |
| University of Georgia            | Bioexpression and Fermentation Facility                                   | Board #33        |
| Emory University                 | Cancer Animal Models (CAMS)   | Board #38        |
| Emory University                 | Cancer Tissue & Pathology Shared Resource                                 | Board #13        |
| Childrens Health Care of Atlanta | Cardiovascular Imaging Research Core                                      | Board #54        |
| Clark Atlanta University         | CCRTD Core Facilities   | Board #8         |
| Emory University                 | Center for Systems Imaging Core   | Board #51        |
| Emory University                 | Children's Clinical and Translational Discovery Core                      | Board #10        |
| University of Georgia            | Complex Carbohydrate Research Center (University of Georgia)              | Table #25        |
| Emory University                 | Division of Animal Resources  | Table #36        |
| Emory University                 | Emory Biostatistics Collaboration Core                                    | Board #1         |
| Emory University                 | Emory Comprehensive Glycomics Core  | Board #26        |
| Emory University                 | Emory Flow Cytometry Core   | Board #45        |
| Emory University                 | Emory Gnotobiotic Animal Core   | Board #41        |
| Emory University                 | Emory HPLC Bioanalytical Core   | Board #24        |
| Emory University                 | Emory Integrated Computational Core                                       | Board #20        |
| Emory University                 | Emory Integrated Genomics Core  | Board #17        |
| Emory University                 | Emory Integrated Lipidomics Core  | Board #30        |
| Emory University                 | Emory Integrated Proteomics Core  | Board #27        |
| Emory University                 | Emory Mouse Transgenic and Gene Targeting Core                            | Board #39        |
| Emory University                 | Emory personalized immunotherapy core                                     | Board #12        |
| Emory University                 | Emory Research Hemostasis and Coagulation Core Laboratory                 | Board #34        |
| Emory University                 | Emory Stem Cell Core  | Board #44        |
| Emory University                 | Emory X-ray Crystallography Center  | Board #50        |
| University of Georgia            | Georgia Electron Microscopy   | Table #49        |
| University of Georgia            | Georgia Genomics and Bioinformatics Core                                  | Board #16        |
| Georgia Institute of Technology  | Georgia Institute of Technology Cellular Analysis & Cytometry Core        | Board #46        |
| Georgia Institute of Technology  | Georgia Tech - Magnetic Resonance Imaging Core                            | Board #52        |
| Emory University                 | Green Labs - Office of Sustainability Initiatives                         | Table #4         |
| Emory University                 | Integrated Cellular Imaging Core  | Board #55        |
| Emory University                 | Intervention Development, Dissemination, and Implementation               | Board #2         |
| Emory University                 | Investigational Drug Services Core  | Board #11        |
| Emory University                 | LITS UIT  | Board #22        |
| Emory University                 | Mass Spectrometry Center  | Board #32        |
| Georgia Institute of Technology  | Molecular and Directed Evolution  | Board #15        |
| Georgia Institute of Technology  | Molecular Evolution and High Throughput DNA Sequencing Core               | Board #18        |
| Morehouse School of Medicine     | MSM Research Core Facility  | Board #5         |
| Emory University                 | Office of Nursing Research  | Table #9         |
| Emory Pediatrics                 | Pediatric Biomarkers Core   | Board #31        |
| Emory Pediatrics                 | Pediatric Heart Diseases Data Registry Core                               | Board #3         |
| Childrens Health Care of Atlanta | Pediatric Imaging Research Core   | Board #56        |
| Emory Pediatrics                 | Pediatrics Flow Cytometry Core  | Board #47        |
| Georgia Institute of Technology  | Petit Institute's Histology Core  | Board #14        |
| Emory University                 | Robert P. Apkarian Integrated Electron Microscopy Core                    | Board #48        |
| Emory University                 | Rodent Behavioral Core  | Board #43        |
| Georgia Institute of Technology  | Systems Mass Spectrometry Core  | Board #29        |
| Augusta University               | Transgenic Zebrafish Core Facility  | Board #40        |
| Emory University                 | Translational Neuroscience Core   | Board #42        |
| Emory University                 | Viral Vector Core   | Board #35        |
| Emory University                 | Winship Cancer Institute Biostatistics and Bioinformatics Shared Resource | Board #21        |
| Emory University                 | Winship Research Informatics  | Board #23        |
| Emory University                 | Yerkes Histology and Molecular Path Core Lab                              | Board #6         |
| Emory University                 | Yerkes Imaging Center   | Board #53        |
| Emory University                 | Yerkes NHP Genomics Core  | Board #19        |

EMORY  
UNIVERSITY

Core Facilities

## 2019 Core Day Poster Session Map

We would like to say a special thank you to all  
our vendors for joining us today

Agilent Technologies
