

# Atlanta Spatial Biology Roadshow

nanoString®

OH  
“WOW”

Now this is how you get spatial

## PLEASE JOIN US!

**NanoString is headed to Atlanta!** Join us for an afternoon filled with presentations and discussions all about the future of spatial biology. Network with spatial biology experts at our free event (including free parking & lunch) in Atlanta, Georgia.

Spatial biology leaders will discuss the future of spatial omics applications and NanoString's latest innovations including a live demo of the latest development, AtoMx™ Spatial Informatics Platform (SIP) led by Dr. Reeves. Guest speakers will present their findings obtained using NanoString's technology.

**Jason Reeves, Ph.D.**

Associate Director, Computational Biology  
NanoString Technologies

**Amy R. Johnson, Ph.D.**

Technical Sales Specialist  
NanoString Technologies

**Neil Skinner**

Field Application Scientist  
NanoString Technologies
