

**EMORY**  
UNIVERSITY

**Integrated Cellular  
Imaging Core**

**Emory Integrated Core Facilities**

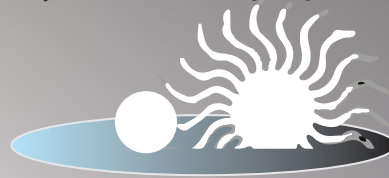

# Our fastest scope.

The 3i lattice light sheet microscope has the fastest most gentle acquisitions.

## **Subcellular/organelle dynamics**

endocytosis, mitofusion, depolarization, calcium imaging,  
actin dynamics, apoptosis, etc

## **Cell-cell interactions**

T-cell mediated cell death, cell-cell adhesion, co-culture dynamics

## **Model Organisms**

Zebrafish, Drosophila Embryos
